## The Five-Year Blocks

### 1. 1993–1997 (Ages 0–4) — Bing O

The decade backdrop is **Bing O** (Direct Officer, Authority (officer star)), with the opening five years led by **Authority (officer star)** annual energy. 2 years of 5 carry your favorable element (**Water** / **Metal**), and 1 year carries the unfavorable element (**Fire**) — an overall **mixed** phase. The spouse palace (day branch **Hae**) is activated in 1995 self-punishment — relationship, home, or partnership themes are more likely to surface.

| Year | Pillar     | Ten-God         | Class                    | Favorable? |
|------|------------|-----------------|--------------------------|------------|
| 1993 | Gye Yu     | Eating God      | Output (food hurt)       | ✓          |
| 1994 | Gap Sul    | Direct Wealth   | Wealth (wealth star)     | —          |
| 1995 | Eul Hae    | Indirect Wealth | Wealth (wealth star)     | ✓          |
| 1996 | Bing Ja    | Direct Officer  | Authority (officer star) | —          |
| 1997 | Jeong Chuk | Seven Killings  | Authority (officer star) | ⚠          |

- **Wealth: 2 of 5** annual stems are Wealth — money, pricing and asset decisions are foregrounded. Treat this as a window to *earn and negotiate*, and to put agreements in writing.
- **Business: 1 of 5** years is Output, and Output is your favorable element — the output-feeds-wealth chain (produce → earn) is strongest here. Independent, craft- or product-led work suits this phase; the classical caution is to sustain the output without draining the self.
- **Family:** The spouse palace is struck or unsettled (1995 self-punishment) — better for deepening privately than for formalising commitments this phase.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; a natal storehouse (Death) is clashed/punished in 1994 punishment, the classical wealth storehouse 'storehouse opens' timing — the classics do not settle release vs. scatter, so treat it as a watch, not a signal.

## 2. 1998–2002 (Ages 5–9) — Bing O

The decade backdrop is **Bing O** (Direct Officer, Authority (officer star)), with the closing five years led by **Companion (compare rob) · Resource** annual energy. 1 year of 5 carries your favorable element (**Water / Metal**) — an overall **mixed** phase. The spouse palace (day branch **Hae**) is activated in 1998 binding, 1998 break, 2001 clash — relationship, home, or partnership themes are more likely to surface.

| 2002 | Im O       | Hurting Officer   | Output (food hurt)      | —          |

- **Wealth:** No direct Wealth stem, but **2 of 5** are Companion. The peer-drains-wealth pattern reads shared and loosely-defined money as contested here — defend rather than expand shared commitments.
- **Business: 1 of 5** years is Output, and Output is your favorable element — the output-feeds-wealth chain (produce → earn) is strongest here. Independent, craft- or product-led work suits this phase; the classical caution is to sustain the output without draining the self.
- **Family:** The spouse palace is both **bound and unsettled** (1998 binding, 1998 break, 2001 clash) — a phase where a bond can deepen or formalise, but with friction or change around it; read it as a window, not a guarantee.
