Lifetime Timeline

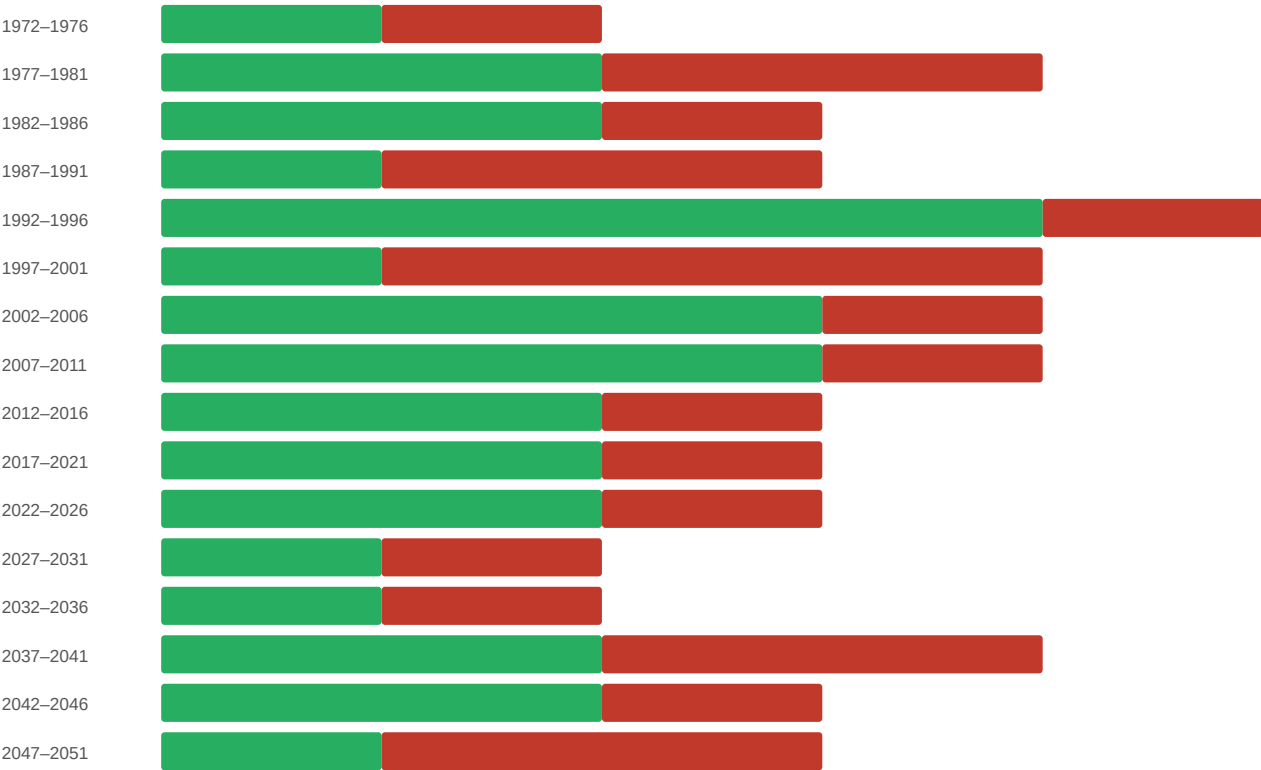

Every five-year block, colour-coded by **net** favorable lean (favorable years minus unfavorable years): green where the favorable element leads by 2+ years, red where the unfavorable leads by 2+, amber otherwise. A block showing fewer favorable years can still read green if it has no unfavorable years — the net, not the raw count, sets the colour.

The Five-Year Blocks

1. 1972–1976 (Ages 6–10) — Im Shin

The decade backdrop is **Im Shin** (Direct Wealth, Wealth (wealth star)), with the opening five years led by **Wealth (wealth star)** annual energy. 1 year of 5 carries your favorable element (**Metal / Water**), and 1 year carries the unfavorable element (**Earth**) — an overall **mixed** phase. The spouse palace (day branch **Sa**) is activated in 1974 harm, 1974 punishment — relationship, home, or partnership themes are more likely to surface.

1974	Gap In	Direct Officer	Authority (officer star)	—
1975	Eul Myo	Seven Killings	Authority (officer star)	—
1976	Bing Jin	Direct Resource	Resource	⚠

- **Wealth: 2 of 5** annual stems are Wealth — money, pricing and asset decisions are foregrounded. Treat this as a window to *earn and negotiate*, and to put agreements in writing.
- **Business: 2 of 5** years are Authority — an institution, rank or licensed role comes to the fore. Since Authority is your unfavorable element, read this as added structure and pressure rather than a natural fit; use it to build standing, not to over-commit.
- **Family:** The spouse palace is struck or unsettled (1974 harm, 1974 punishment) — better for deepening privately than for formalising commitments this phase.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; a natal storehouse (Death) is clashed/punished in 1973 clash, 1973 punishment, the classical wealth storehouse 'storehouse opens' timing — the classics do not settle release vs. scatter, so treat it as a watch, not a signal.

2. 1977–1981 (Ages 11–15) — Im Shin

- **Wealth: 2 of 5** annual stems are Wealth — money, pricing and asset decisions are foregrounded. Treat this as a window to *earn and negotiate*, and to put agreements in writing.
- **Business: 2 of 5** years are Authority — an institution, rank or licensed role comes to the fore. Since Authority is your unfavorable element, read this as added structure and pressure rather than a natural fit; use it to build standing, not to over-commit.
- **Family:** The spouse palace is struck or unsettled (2043 clash, 2046 harm, 2046 punishment) — better for deepening privately than for formalising commitments this phase.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; a natal storehouse (Death) is clashed/punished in 2042 clash, 2042 punishment, 2042 clash, 2045 clash, 2045 punishment, the classical wealth storehouse 'storehouse opens' timing — the classics do not settle release vs. scatter, so treat it as a watch, not a signal.

16. 2047–2051 (Ages 81–85) — Gi Myo

The decade backdrop is **Gi Myo** (Companion (Pillar), Companion (compare rob)), with the closing five years led by **Companion (compare rob)** annual energy. 1 year of 5 carries your favorable element (**Metal / Water**), and 2 years carry the unfavorable element (**Earth**) — an overall **mixed** phase.

Year	Pillar	Ten-God	Class	Favorable?
2047	Jeong Myo	Indirect Resource	Resource	—
2048	Mu Jin	Robber	Companion (compare rob)	⚠
2049	Gi Sa	Companion	Companion (compare rob)	⚠
2050	Gyeong O	Hurting Officer	Output (food hurt)	✓
2051	Sin Mi	Eating God	Output (food hurt)	—

- **Wealth:** No direct Wealth stem, but **2 of 5** are Companion. The peer-drains-wealth pattern reads shared and loosely-defined money as contested here — defend rather than expand shared commitments.
- **Business: 1 of 5** years is Resource — study, credentials, advisors and accumulated depth lead the phase. Useful for building the base that later phases convert into output.
- **Family:** Family and support themes are steady: Resource years point to parental/mentor backing and Companion years to siblings and peers.

- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; the Companion presence argues for sole holdings or partnerships with hard boundaries.
