RM (Kim Nam-joon) — The Hook

A one-page taste of your Saju chart — your elemental blueprint, no predictions

Born: 1994-09-12 · 13:28 · Seoul

Time method: recorded birth time 13:28 (local clock) corrected to true solar time 13:00 (birthplace 126.978°E vs the 135.0°E zone meridian), -27.7 min (longitude -32.1 min + equation of time +4.4 min). Hour branches follow 2-hour solar windows, so the pillars above use the corrected time.

> ⚠ *Hour-boundary note: the corrected time is only ~17 seconds from a 2-hour branch boundary. If the recorded clock time carries even a few minutes of error, the neighboring hour pillar (甲午, vs the primary 乙未 used above) is a plausible alternative — treat the hour pillar (and its palace themes) as lower-confidence in this reading.*

Day Master: Sin (Yin Metal, 辛金)

Closing Note

This chart's gift is a strong companion presence that gives you real follow-through; the challenge is staying aware of the chart's pressure points rather than letting them run in the background. The single most useful next step is to weave the favorable Water element into daily rhythm — through color, direction, season, or practice — so the chart has somewhere to land. Treat the rest of this report as a starting place; the best readings come from revisiting the same chart across different life phases.
