Lifetime Timeline

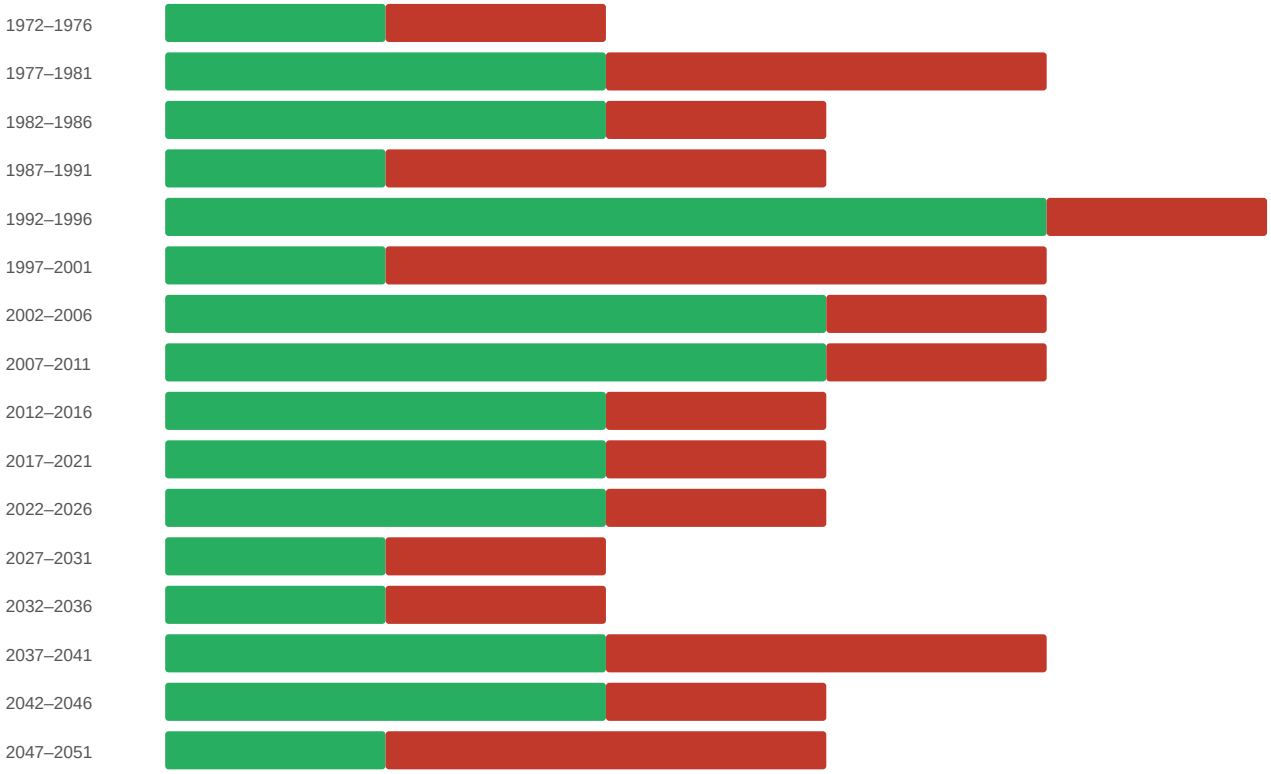

Every five-year block, colour-coded by **net** favorable lean (favorable years minus unfavorable years): green where the favorable element leads by 2+ years, red where the unfavorable leads by 2+, amber otherwise. A block showing fewer favorable years can still read green if it has no unfavorable years — the net, not the raw count, sets the colour.

The Five-Year Blocks

1. 1972–1976 (Ages 6–10) — Im Shin (壬申)

The decade backdrop is **Im Shin (壬申)** (Direct Wealth (正財), wealth star (財星)), with the opening five years led by **wealth star (財星)** annual energy. In 1972–1976, 1 year of 5 carries your favorable element (**Metal** / **Water**), and 1 year carries the unfavorable element (**Earth**) — an overall **mixed** phase. The spouse palace (day branch 巳) is activated in 1974 harm, 1974 punishment — relationship, home, or partnership themes are more likely to surface.

Year	Pillar	Ten-God	Class	Favorable?
1972	Im Ja (壬子)	Direct Wealth	wealth star (財星)	✅
1973	Gye Chuk (癸丑)	Indirect Wealth	wealth star (財星)	—
1974	Gap In (甲寅)	Direct Officer	officer star (官星)	—
1975	Eul Myo (乙卯)	Seven Killings	officer star (官星)	—
1976	Bing Jin (丙辰)	Direct Resource	Resource (印星)	⚠️

- **Wealth: 2 of 5** annual stems in 1972–1976 are Wealth — money, pricing and asset decisions are foregrounded. Treat 1972–1976 as a window to *earn and negotiate*, and to put agreements in writing.
- **Business: 2 of 5** years in 1972–1976 are Authority — an institution, rank or licensed role comes to the fore. Since Authority (관성) is your unfavorable element, read 1972–1976 as added structure and pressure rather than a natural fit; use it to build standing, not to over-commit.
- **Family:** The spouse palace is struck or unsettled (1974 harm, 1974 punishment) — better for deepening privately than for formalising commitments this phase.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; a natal storehouse is clashed/punished in 1973 clash, 1973 punishment, the classical wealth storehouse (재고) 'storehouse opens' timing — the classics do not settle release vs. scatter, so treat it as a watch, not a signal.

2. 1977–1981 (Ages 11–15) — Im Shin (壬申)

- **Business: 1 of 5** years in 1977–1981 is Resource — study, credentials, advisors and accumulated depth lead the phase. Useful for building the base that later phases convert into output — 1977–1981 is for depth, not delivery.
- **Family:** The spouse palace is both **bound and unsettled** (1980 binding, 1980 break, 1980 punishment) — a phase where a bond can deepen or formalise, but with friction or change around it; read it as a window, not a guarantee.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; the Companion (비겁) presence in 1977–1981 argues for sole holdings or partnerships with hard boundaries.
