Lifetime Timeline

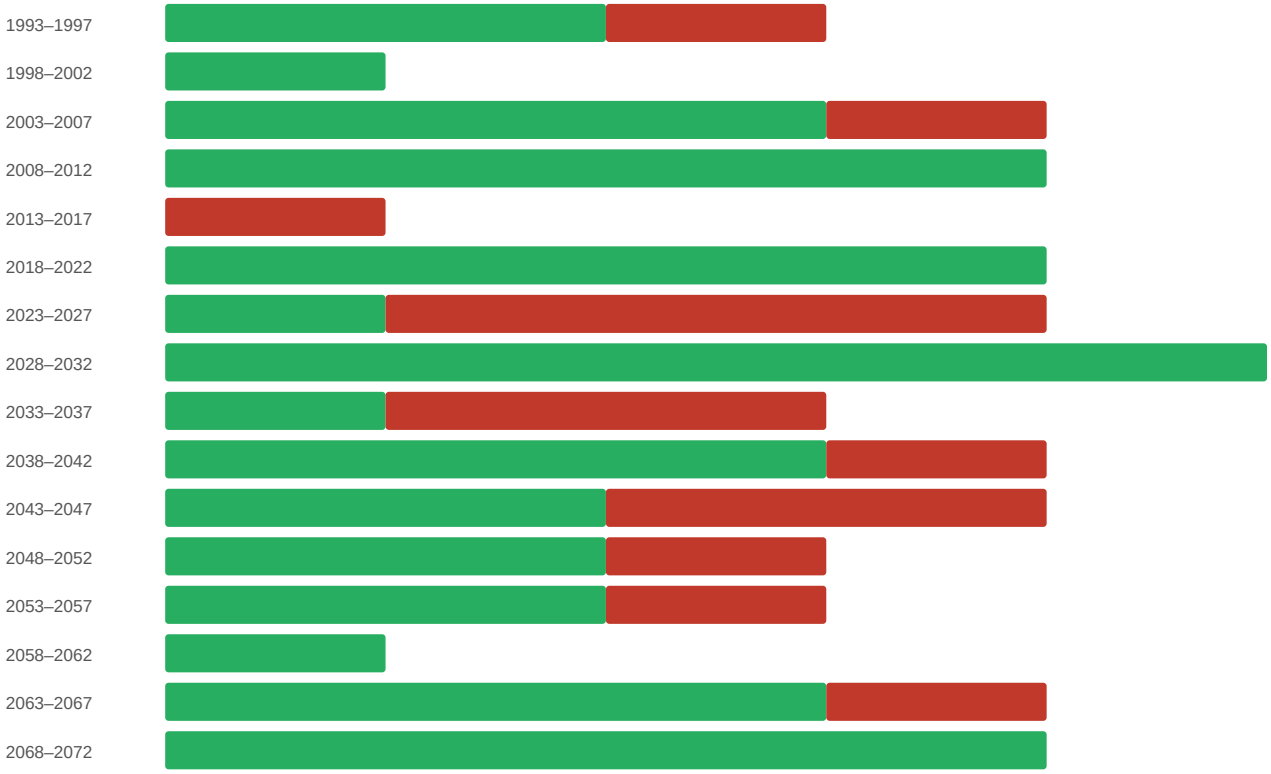

Every five-year block, colour-coded by **net** favorable lean (favorable years minus unfavorable years): green where the favorable element leads by 2+ years, red where the unfavorable leads by 2+, amber otherwise. A block showing fewer favorable years can still read green if it has no unfavorable years — the net, not the raw count, sets the colour.

The Five-Year Blocks

1. 1993–1997 (Ages 0–4) — Bing O (丙午)

The decade backdrop is **Bing O (丙午)** (Direct Officer (正官), officer star (官星)), with the opening five years led by **officer star (官星)** annual energy. In 1993–1997, 2 years of 5 carry your favorable element (**Water** / **Metal**), and 1 year carries the unfavorable element (**Fire**) — an overall **mixed** phase. The spouse palace (day branch 亥) is activated in 1995 self-punishment — relationship, home, or partnership themes are more likely to surface.

Year	Pillar	Ten-God	Class	Favorable?
1993	Gye Yu (癸酉)	Eating God	food hurt (食傷)	✅
1994	Gap Sul (甲戌)	Direct Wealth	wealth star (財星)	—
1995	Eul Hae (乙亥)	Indirect Wealth	wealth star (財星)	✅
1996	Bing Ja (丙子)	Direct Officer	officer star (官星)	—
1997	Jeong Chuk (丁丑)	Seven Killings	officer star (官星)	⚠️

- **Wealth: 2 of 5** annual stems in 1993–1997 are Wealth — money, pricing and asset decisions are foregrounded. Treat 1993–1997 as a window to *earn and negotiate*, and to put agreements in writing.
- **Business: 1 of 5** years in 1993–1997 is Output, and Output is your favorable element — the output-feeds-wealth (식상생재) chain (produce → earn) is strongest here. Across 1993–1997, independent, craft- or product-led work suits best; the classical caution is to sustain the output without draining the self.
- **Family:** The spouse palace is struck or unsettled (1995 self-punishment) — better for deepening privately than for formalising commitments this phase.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; a natal storehouse is clashed/punished in 1994 punishment, the classical wealth storehouse (재고) 'storehouse opens' timing — the classics do not settle release vs. scatter, so treat it as a watch, not a signal.

- **Wealth:** No direct Wealth (재성) stem in 1998–2002, but **2 of 5** are Companion. In 1998–2002 the peer-drains-wealth (겁재奪財) pattern reads shared and loosely-defined money as contested — defend rather than expand shared commitments.
- **Business: 1 of 5** years in 1998–2002 is Output, and Output is your favorable element — the output-feeds-wealth (식상생재) chain (produce → earn) is strongest here. - **Family:** The spouse palace is both **bound and unsettled** (1998 binding, 1998 break, 2001 clash) — a phase where a bond can deepen or formalise, but with friction or change around it; read it as a window, not a guarantee.
- **Investment pattern:** A mixed phase — keep positions simple and liquidity available; the Companion (비겁) presence in 1998–2002 argues for sole holdings or partnerships with hard boundaries.
